

Today's Jamboree Recalls This One in 1911

Outings for business men are not exactly a new idea, as will be noticed in the picture above which was taken in the summer of 1911 on Wall street, just prior to an event which attracted all the prominent merchants of the city. The picture was taken by Lou Merillat of the Pennington Studios, who said the assignment was to take a picture of the group for a picture record of the occasion. The automobile, it will be noted, was then still in the formative stage and considered a novelty as well as a luxury. The picture is published today in tribute to the contemporary business group today enjoying a picnic at Williams Lake. Among those who may be identified in the foreground of the picture are the Cohen Brothers, the late Sam Bernstein, Sr., and the late John E. Kraft. Sam Bernstein, Jr., marshal of today's Williams Lake outing, said at noon that the jamboree would be held rain or shine.

Roosevelt Assures Canada That U. S. Won't Stand Idly By If Rule Is Threatened

Decker Granted \$4,211 Judgment Against Canzoneri

Kerhonkson Contractor's Case Heard by Judge Hasbrouck as Official Referee—Will Sell Marlborough Hotel

Henry Decker, Kerhonkson contractor, has been granted a judgment of \$4,211.84 and costs in an action brought for foreclosure of a mechanic's lien against George Canzoneri, father of Tony Canzoneri, former lightweight champion of the world. The action grew out of a contract entered into between Decker and Canzoneri back in 1935 when Canzoneri enlarged his town of Marlborough hotel on Lattintown road and had a gymnasium installed for training purposes for his son. The action was brought by Decker to foreclose the lien against George and Tony Canzoneri. Flanagan & Kaecher appeared for the plaintiff and Stanley B. Johnson, by William L. Browning, appeared for the Canzoneris. The matter was heard before Judge G. D. B. Hasbrouck as official referee and Judge Hasbrouck has handed down his findings in which he holds that Tony Canzoneri had no legal interest in the premises and the complaint as against the former lightweight champion is dismissed. The judgment is against only his father, who the court holds is owner of the hotel property. Canzoneri owns and operates a 33 room hotel on Lattintown road, in town of Marlborough.

County Fair List Promising

Event on August 24 to Have Great Color

At the office of Albert Kurdt, chairman of the committee in charge of the Ulster County Fair and Farmers' Field Day, it was stated Wednesday afternoon, official date for closing of entries in most departments, that all signs pointed to a big time at Forsyth Park on Wednesday, August 24, the day for the annual get-together meeting of the people of Ulster county. The present meeting is the lineal descendant of the first annual fair of the Southern Ulster Agricultural Society, held at the driving park, Ellenville, nearly 52 years ago. That fair, held September 28, 29 and 30, 1886, was under the direction of former Sheriff William B. Webb, as general superintendent, Samuel D. Smith of Leurenkill being president of the society.

President Expresses Sincere Friendship for Canada as Member in Fellowship of Americas in Speech Today

Names No Nation

Theme Takes Trend That Civilization and Education Transcend Boundaries

Kingston, Ont., Aug. 18 (AP)—President Roosevelt said today that citizens of the United States "will not stand idly by" if Canada is threatened by foreign aggression.

The President made this frank foreign policy statement in an address in the open-air stadium of Queens University here.

Beside him were Premier Mackenzie King of Canada and Lieutenant Governor Albert Matthews of Ontario.

Mr. Roosevelt repeatedly emphasized that a strong bond of friendship exists between Canada and the United States.

"We in the Americas are no longer a far away continent, to which the eddies of controversies beyond the seas could bring no interest or harm."

"Instead, we in the Americas have become a consideration to every propaganda office and to every general staff beyond the seas."

"The Dominion of Canada is part of the sisterhood of the British empire. I give to you assurance that the people of the United States will not stand idly by if domination of Canadian soil is threatened by any other empire."

The President, speaking only two days after Secretary Hull's call for a seven-point program to bring about world peace, spoke in vigorous terms about "wanting brutality" and "undemocratic regimentation" by a government.

Names No Nation He did not, however, name any foreign nation.

Through Mr. Roosevelt's address ran the theme that civilization and education transcend international borders, and that the Americas now are largely responsible for maintaining the tradition of a free interchange of ideas between nations.

The occasion of the President's talk was his acceptance of an honorary degree from Queens University.

Referring to the United States and Canada, the President said that as good neighbors the nations are "true friends, because we maintain our own rights with frankness, because we refuse to accept the twists of secret diplomacy, because we settle our disputes by consultation and because we discuss our common problems in open spirit of common sense."

The President, discussing the workings of public opinion, the chief executive had this to say: "We can not prevent our people from having an opinion in regard to wanton brutality, in regard to undemocratic regimentation, in regard to misery inflicted on helpless peoples, or in regard to violations of accepted individual rights."

"All that any government, constituted as in yours and mine, can possibly undertake is to help make sure that the facts are known and fairly stated."

Considering Evidence "No country where thought is free can prevent ever from being taken within its borders from considering the evidence for itself and rendering its own verdict; and the sum total of these conclusions of educated men and women still, in the long run, become the national verdict."

"That is what we mean when we say that public opinion ultimately governs policy. It is right and just that this should be the case."

The President, who arranged to travel from here to Ivy Lake, Ontario, for an international bridge dedication, told his audience in the Queens University Stadium that many knew "that of all the devastations of war, none is more tragic than the destruction which it brings to the processes of men's minds."

"Truth is denied because emotions push it aside," he continued. "Forebearance is succeeded by bitterness. In that atmosphere human thought can not advance."

Want Fewer Fish Lisbon (AP)—Sardines packed like sardines along the coast of Portugal have caused a fishing crisis. So many of the little fish are being caught that prices have tumbled to the point where it doesn't pay some fishermen to fish. Worse than that, trawlers at Figueira da Foz report it was necessary to drop anchor after thick schools of sardines clogged the propeller and interfered with navigation.

Education Board Gives Contracts

White Plains Firm Gets Driveway and Curbing Contract, Po'keepsie Firm Awarded Cement Sidewalk Job

Four bids for construction of the driveway and one bid for construction of walks to the new Myron J. Michael School from Andrew and O'Reilly streets were received by the board of education at special session Wednesday evening. After checking the bids with City Engineer James Norton the board awarded both contracts to the low bidders.

Lane Construction of Meriden, Conn., bid \$13,824 for the roadway and curbing and also submitted unit bids based on this lump sum bid.

Cold Mix, Inc., of Water street, White Plains, bid \$11,202.50 for the pavement and curb and as low bidder was awarded the contract on the unit price bid.

Spoor-Lasher Co., of Poughkeepsie, submitted a bid of \$23,067.50 for the same job.

Ward Brothers, Inc., of Suffern, bid \$13,993.

The only bid for the placing of cement sidewalks was submitted by W. W. Kingston Company, of Poughkeepsie, general contractors for the Myron J. Michael School job. The Kingston company bid \$3,762.25 and the contract was awarded to that firm on its unit prices bid.

From Andrew street and from O'Reilly street will be a roadway with blue-stone curb up to the new building and around the west side of the building. There will be no roadway on the east of the building. The roadway will be of black-top material. The sidewalk job calls for cement walks, reinforced at required points. The walks will parallel the road to the school from both streets and there is also a walk around the building on the east side. The job also includes walks to the service entrances and to the service room in the basement as well as a large concrete slab 30 by 65 feet in size at the main entrance to the school.

Specifications for both jobs were drawn by City Engineer Norton and the work will be carried on under the direction of Mr. Norton's department.

Trustee Feeney moved the road contract be awarded to Cold-Mix Company as low bidder on its unit prices. Trustee Walter moved the contract be awarded for walks to W. W. Kingston Company on unit prices submitted and the certified checks of the other bidders were ordered returned. There were several of the bidders present.

Cites Possible Saving City Engineer James G. Norton recommended to the board that the 24-foot pavement probably could be constructed at a saving.

Death Turns Spotlight On Infamous Poisoner

Taunton, Mass., Aug. 18 (AP)—Death focused the spotlight for the last time today on Jane Toppin, 51, a "quiet old lady" who once told newsmen she killed "at least 100 persons."

Described at one time as "one of the most infamous poisoners of the world," she was acquitted of murder by reason of insanity and committed to the Taunton State Hospital for life in 1902. Her victims included Captain John Toppin and his wife, a Lowell couple who took her as an infant from a Boston foundling home.

Her trial, at Barnstable, came after the deaths of Alden P. Davis, his wife and two daughters at Cataumet, Cape Cod. Attorney General Herbert Parker testified she killed many friends and twice wiped out entire families.

Youthful Bandit Held for Court

Because of his youth the true name of this "John Dillinger" will not be made public but this morning State Troopers Metzger and Reynolds brought to the county court house a 12-year-old Ardona lad, who is charged with having entered a local store there and taken cigars, cigarettes and ice cream. He is being held for children's court.

"Dillinger" told the state police some wild stories and admitted that he did not want to return home. He told Officer Reynolds a tale of having been caught by his mother in the barn and being taken to the house, where she chained him to the bed with heavy chains. Although securely roped, he said, he finally broke the locks and got the chains off his neck and loosened the ropes, and taking his clothes he stole out of the house and left forever.

Shoppers Arrive Early The shoppers began to arrive early, in many instances hours before the opening of the stores, and while the greater volume of business was done in the early hours of the day there was good business even after 2 o'clock in the afternoon and up until stores closed. One merchant expressed surprise over the way business continued up to closing time.

Despite hot weather a huge crowd of extra help came to the rescue and there was little more than ordinary delays in being waited on. Most of the stores had employed extra clerks.

Much credit was being given for the success of the sale to the manner in which the merchants co-operated. Practically every store advised the public of the bargains through newspaper advertisements and through the circulation of a special circular which was distributed through the suburban sections by Western Union. Manager Frazier of the local office was very highly praised in the manner in which his messengers covered the out-lying areas.

Having experienced a "tough day" Wednesday the clerks in many stores looked forward to a rest and good time this afternoon at the Business Men's outing and jamboree at Williams Lake.

Fake Lottery Smashed Boston, Aug. 18 (AP)—Smashing of a huge, nationwide fake lottery was announced today by Jackson J. Holtz, assistant U. S. attorney for Massachusetts.

Best Dollar Day In 10 Years, Say Local Merchants

Consensus of Opinion Is That 1938 Sale Makes Merchandising History in Kingston, Sales-Jobs Drive Boom

"The best Dollar Day in ten years" was the manner in which one Kingston merchant described the big August Dollar Day sale which was held Wednesday. Another manager reported the greatest volume of business which his store had ever done since opening in Kingston and the general opinion of the merchants was that the 1938 August Dollar Day could go down in history as one of the greatest sales ever held.

President James Rowe of the Kingston Business Men's Association said he had been too busy in his own store to make any canvass of the merchants but from those with whom he had talked the general opinion had been that the sale was a big success.

Gearing into high speed by the "sales men jobs" campaign practically every merchant of the city co-operated for the sale and every effort was made to give the greatest possible values for the dollar. The result of this time in value for a dollar made the day one of the biggest value giving events of recent years and reflected in the cash register receipts.

Louis Bruhn is appointed referee to sell the property as one parcel at public sale at the county court house to satisfy the judgment unless the judgment is paid.

Twister Damages Trees and Crops Among areas damaged by the "twister" which swept over this locality Tuesday afternoon was the Lattintown section of southern Ulster where high winds and hail wrought havoc to the fruit crop.

Although apparently confined to a small area along the Lattintown road the high wind uprooted a large number of fruit trees and hail took its toll of fruit.

Along a quarter-mile stretch near the Lighten Craft farm at Lattintown a dozen trees were blown down by the roadside. This damage was done in a small area and the extreme wind centered between the Craft and the Michael Kaley properties.

Mr. Craft said many fruit trees on his farm were damaged and from trees while others were damaged by hail. The wind in the Lattintown road valley was reported as the worst in the memory of local residents. A barn on the Joseph Dirago property was blown down.

Projections of what the super-disaster may look like—if there's anyone left to look—were arranged for the night of August 30. There'll be hot and cold waves, thunderstorms, earthquakes, volcanic eruptions and an explosion of the moon—with sound effects.

The planetarium's prophetic search will take an official to-morrow to Freeport, L. I., where dwells "Apostle of Doom" Robert Reidt, waiting impatiently for a judgment day 13 years overdue—according to Reidt's calculations.

This pale pessimist predicted the world would come to an end at midnight, February 6, 1951. Two persons committed suicide to escape the horror of it all. When Reidt's prophecy blew up instead of the earth, he blamed photographers' flashlights.

Operators of the planetarium projector promised realistic demonstrations of what would happen if planets collided, if the sun got hotter or colder, or if the moon blew up. They showed some of their tricks today. The moon comes at you like a baseball propelled by Dizzy Dean. Then it explodes with a flash—right over city hall.

Ulster Dairymen Voting Today on Marketing Order

Farm Bureau Manager Kurdt Says About 700 Farmers Eligible to Vote—Polls Open Until 10 o'Clock

Dairymen in Ulster county whose milk has been approved for shipment to the New York city market, are voting today on a referendum as to whether or not they will approve a tentative order issued by the Secretary of Agriculture, regulating the handling of milk in the New York metropolitan marketing area.

Farm Bureau Manager Albert Kurdt stated this morning that there are around 300 such approved dairymen in the Dairy-men's League and perhaps 400 others, not members of the League, who are entitled to vote.

Polis Open Until 10 Voting is in progress at the Farm Bureau office all day today, from eight o'clock this morning to 10 o'clock tonight. There are two other polling places in the county at which voting may be done tonight from 7 to 10 o'clock. They are located at the Methodist Church Hall, Accord, and the Reformed Church Hall, Gardiner.

The ballots are being placed in sealed boxes and at the conclusion of the voting tonight will be sent to Albany, where they will be counted under supervision of a representative from the U. S. Department of Agriculture.

Manager Kurdt stated this noon that votes were coming in steadily and that already 15 or 20 dairymen had registered their decisions. He added that voters were not confined to their own district in voting and that among the ballots voted at the Kingston poll this morning were two cast by Greene county dairymen.

Similar Program In addition to voting on the federal milk marketing program New York state dairymen are also voting on a similar program approved by the U. S. Department of Agriculture.

David H. Winter Dies Early Today At Local Hospital

Central Broadway Restaurant Victim of Heart Attack

David H. Winter, one of the well known business men of the central part of the city, died at the Benedictine Hospital shortly after midnight this morning. Death was due to a heart attack, which had been aggravated by the severe heat. He was admitted to the hospital on Monday.

Mr. Winter was a son of William Winter, who conducted a stationery store at 162 Strand, and as a young man was connected with his father in the business there. Later David H. became interested in the restaurant business at 563-565 Broadway, which business he had successfully conducted some 20 years or more.

Mr. Winter was a veteran of the Spanish-American War, having enlisted with old Company M. of Kingston, in 1898. He accompanied his regiment to Honolulu. He was a past commander of Central Camp, No. 75, United Spanish War Veterans, and meetings of the veterans for years have been held at the Winter restaurant on Broadway.

Mr. Winter is survived by his wife, who formerly was Miss Mary R. Contant, of the town of Rosendale; also one son, William E. Winter, associated with his father in the restaurant business, and one daughter, Miss Irving L. Johnston of Geneva.

He also leaves one sister, Mrs. Jane Harris, of Darien, Conn., and one brother, William Winter, of New York city, and one grandchild. Funeral services will be held from the Bloomingdale residence at 9:30 Saturday morning and at St. Peter's Church, Rosendale, at 10 o'clock, where a requiem Mass will be offered. Burial will be in St. Peter's Cemetery, Rosendale.

Doom Prophets Asked to See World's End Special Preview

Philadelphia, Aug. 18 (AP)—The Franklin Institute's Feis Planetarium cordially invites prophets of doom to a special preview of the end of the world.

With scientific zeal, planetarium officials sought today to round up half a dozen of the gloomy fellows and give them a glimpse of the calamity they periodically predict is at hand.

Projections of what the super-disaster may look like—if there's anyone left to look—were arranged for the night of August 30. There'll be hot and cold waves, thunderstorms, earthquakes, volcanic eruptions and an explosion of the moon—with sound effects.

## County Fair List Very Promising

(Continued from Page One)  
The Home Bureau, the Farm Bureau, the Granges and the 4-H Clubs have taken an active interest in the exhibitions and many city people have found it worthwhile to spend a day at Forest Park, meeting old friends and viewing the numerous exhibits.

Getting back to the coming fair, the Freeman reporter was told Wednesday that arrangements for the exhibition were well under way and that entries already received were most pleasing to those in charge.

**More Than Usual Interest**  
It was stated that there appeared to be more than usual interest in fruit exhibits this year, with many commercial growers prepared to display their wares and show the folks once more the finest samples of the superior apples, pears, grapes and other varieties of fruit in which Ulster county excels. Among the exhibitors will be found several whose names did not appear on last year's list.

The poultry men in increased numbers will be on hand with pens of their finest birds and this department bids fair to exceed last year by a considerable margin.

**Valley to Show Cattle**  
Fine horses will be shown in greater numbers and an attractive display of cattle is promised. A prominent exhibitor in the cattle department this year will be Harry Bailey, who will show his Beechford Farm herd of choice Guernseys.

The separate exhibits, by individual Granges, always attract attention and visitors to the fair find much of interest in viewing the different booths, taking in their color schemes and the decorative effects secured and inspecting the specimens of produce and culinary achievements from farm and home. So far Granges have agreed to exhibit as follows: Lake Katrine, Ulster Park, New Paltz, Plattekill, Ashbury, Accord, Rosendale, Milton, Highland and the Juvenile Grange at Highland.

**Future Farmers' Exhibit**  
Exhibits will also be made by the Future Farmers organizations of the Marlborough school and of the central school at New Paltz.

One of the outstanding exhibits next Wednesday is expected to be that by the 4-H Club boys and girls of the county. Edmund R. Bower, 4-H Club agent, said that he had found greatly increased interest on the part of club members all over the county this year and already had entries from 128 different exhibitors. He expects a much larger attendance on the part of 4-H Club members at the fair next week. An indication of the increase in interest he noted that so far 28 head of cattle have been entered by club members, as against four last year; poultry raising and gardening have attracted much more attention, and the demand for booths for exhibits of work done the past year is so great that he may not be able to meet it.

**Junior Fair Board**

An innovation this year has been the appointment of a Junior Fair Board, to assist Mr. Bower and Frank Thiele, 4-H committee men, in handling the great amount of detail. The board is headed by Lewis Boice of Lake Katrine as general chairman, in charge of the various departments will be: Agriculture, DuBois Jenkins, New Paltz; assistant, Philmore Terwilliger, Clintonville; Vegetables, James Conklin, Milton; Vegetable judging, Tracy Hommel, Blue Mountain; Poultry, William Maler, Glenford; Dairy, Lewis Boice, Lake Katrine. Demonstrations and judging dairy cattle, DuBois Jenkins, New Paltz; assistant, Joseph Brill, Ellenville.

Homemaking, Anna DuBois, New Paltz; assistant, Priscilla Dumond, Ulster Park. Foods, Nancy Boice, Lake Katrine, assistant, Theodore Stokes, Rifton. Clothing, Harriet Meredith, Wallkill; assistant, Catherine M. Nyer, Mt. Marion. Room improvement, Margaret Lippert, Rosendale. Booths, Geraldine McCord, Forest Glen. Demonstrations, Margaret Pohn, Rifton; assistant, Ruth Arnold, Modena. Style Reviews, Gladys Klotche, Flatbush; assistant, Lillie Pearson, Flatbush.

The 4-H folks will also have charge of the refreshment booth at the park. William Morehouse at Lake Katrine is chairman and Norma Boice of Lake Katrine as assistant chairman of a committee of 26 young people who will care for this feature of the day's activities.

**Bicycle Contest**

A new feature this year will be the specialty bicycling contest in which the committee is expecting to see an entry list of from 100 to 150 young cyclists. The contest is open to boys and girls under 16 years of age and the winner will receive a new bicycle. The contest will start about 3 o'clock Wednesday afternoon and details are not being announced. Contestants must have a bicycle. Frank DuFlon, who has seen similar contests in Florida, will have charge of this event.

DuFlon as usual also will have charge of the championship horse-shoe pitching contest, which is open to all amateurs. Entrants must register by noon. The winner will get a free trip to the New York state fair at Syracuse.

**Travelling Menagerie**  
Another entertainment feature will be John H. Thiele's "traveling menagerie" from Catskill; he will also bring his "Driving Goat Ride" to the fair.

A plan which attracted much interest last year was that of having the judges explain why they made awards. This will be followed again this year. The committee is making every effort to secure the best available judges. Chairman Kurt explains that the fair is now conducted in a non-profit institution. There is no admission fee, the only income received being from exhibitors.

## Drove Tragedy Boat

Frank Valliquette, (above) camp caretaker, drove the motorboat from which Daniel Dodge, heir to motor millions, fell to his death near Little Current, Ont., after being seriously injured in a dynamite explosion.

## Civil Service Exams Taken by 135 Men

Wednesday evening approximately 135 men took the civil service examinations for the position of engineer and janitor in the new Myron J. Michael School now under construction. The examinations were held by the municipal civil service commission in the Kingston High School.

The examination board is planning to appoint three janitors and one engineer for the new school, and they will be selected from the eligible list which will be filed with them by the civil service board as a result of the examination.

It was shortly after 10 o'clock Wednesday evening when the last applicant completed his examination. At the close of the examination the applicants were informed that they would be notified as to the result of the tests. The examination was in charge of Judge Augustus Shufeldt, president of the board, who was assisted by Commissioner Harvey Sammons.

Hoping to produce something greater than the mule, a South African farmer is figuring on breeding "zebrahorses"—a cross between a horse mare and zebra stallion.

fees and the sale of commercial exhibition space. The society will pay up to \$5,000 in premium awards. Members of the committee and exhibitors expect to be busy Monday and Tuesday next week getting things in order for the opening of the fair at 10 a. m. Wednesday. The fair actually closes at five o'clock Wednesday afternoon. In case of rain Wednesday the fair will be held the next day.

## West Indies Negro Informs Court of 'Death Ride' Threats

New York, Aug. 18. (AP)—A dramatic story of "death ride" threats by members of the Dutch Schultz mob, in taking over control of the multi-million dollar policy racket, was told in supreme court today by Wilfred Brunder, 43, a West Indies negro.

Testifying in the racket conspiracy trial of James J. Hines, Tammany district leader, Brunder told how his partner in a Harlem policy "bank," Fred McLaughlin, was threatened with death by a carload of Schultz henchmen when he refused to turn over his policy business to the mob.

"I was quitting the racket," Brunder said, "and I told the mob that what was left belonged to Fred McLaughlin."

"We are coming out of a shop when a car rolls up with Abe Landau, Louis Schneek and Little Abie," he said, referring to Schultz gangsters.

"Abe Drives Up"  
He said Abe Landau, also known as "Abe the Killer," asked him to "step aside a few feet" away from McLaughlin—and that Landau then told McLaughlin: "You've got to kick in that business. You want to live don't you. You want to live to ride in that car, don't you?"

Brunder quoted McLaughlin as replying: "I am going to live to die in that car. I have lived through the world war and I am going to continue living to ride in that car and I am not giving you any business."

Brunder said that shortly afterwards he "left town" and went to Detroit and then to Washington, D. C., to escape the mob's wrath. It was not brought out what happened to McLaughlin.

Earlier, Brunder had testified that when he came out of prison in 1932, he learned that the Schultz mob was "moving in" on the policy game and making it an air-tight racket.

He said another Harlem policy "banker," Joe "Spasm" Ison, told him Schultz had squeezed out small independent operators.

"Cold Monopoly"

"Schultz has got a cold monopoly," Brunder quoted Ison as telling him.

As Brunder began his testimony, defense attorney Paul Stryker interrupted with frequent objections.

Brunder told of a conversation he had shortly after he was released from prison, in which J. Richard (Dixie) Davis, the "kid mouthpiece" of the Schultz mob, George Weinberg, Schultz' chief lieutenant, and Ison tried to persuade him to join the racket. He was to get \$100 a week.

"I told Davis I was not interested in the policy business owing to the fact that I was on probation, and I am worried about the situation of getting myself in trouble," Brunder said.

"Then Davis said: 'Has Spasm—meaning Joe Ison—told you nothing? No? Well, there is nothing to worry about now. All you have to do is do as you are told and keep your mouth shut.'"

Brunder said the Schultz mobsters wanted him to help organize the small independent bankers still in existence "because I was the fittest man, owing to my reputation."

The huge-framed negro, displaying a remarkable memory for exact dates and telephone numbers, said that in the early part of 1933—after he had resumed operations as a policy banker—Dutch Schultz issued orders for a "cut" from 30 per cent to 25 per cent in the commission paid to controller aides in the racket.

He said Abe "Misht" Landau, also known as "Abe the Killer," a Schultz lieutenant, presided at a meeting at the syndicate's headquarters, 351 Lenox avenue, in Harlem.

"Nearly a thousand collectors met to protest the cut," Brunder said, "and later the Schultz mob rescinded the cut."

Ocean Hop Postponed

Bordeaux, France, Aug. 18 (AP)—The big French flying boat, Lieutenant De Valiseau Paris returned to her base today 10 minutes after taking off on the first leg of a trans-Atlantic flight to New York. Propeller trouble necessitated postponement of the flight.

## Donald Jacoby to Give Cornet Solos at Church

Donald Jacoby, noted cornetist of the Ernest Williams School of Music, will play two numbers during the service at the First Baptist Church on Albany avenue, Sunday. Mr. Jacoby has been heard often on the radio, and he has made numerous public appearances. His tone and technique are outstanding, and he gives promise of becoming the foremost artist on the cornet in this country. He will play Ave Maria by Gounod, and also Infammatius from Rossini's Stabat Mater.

## Search Is Instituted For Alfonse Koloughen

Woodbourne, N. Y., Aug. 18 (AP)—Edward Fay, assistant superintendent of the Woodbourne Institute for Defective Delinquents, said today a search was underway for Alfonse Koloughen, 25, an inmate, who escaped yesterday. Fay said that Koloughen was the third person to escape from the institution since Sunday. At that time, he said, two men successfully scaled the recreation wall of the prison, and so far have eluded recapture.

## Horse Killed by Hit and Run Driver

A horse owned by William A. Kelly of the Plank road, got on to the highway early this morning and was struck and killed by some unknown automobile. The horse was discovered lying in the road, dead, by Deputy Sheriff Winne as he was driving up the road about 4:50 a. m. to investigate an automobile accident. The animal had been killed some time between that hour and 1:30 a. m.

## Browning Truck Slightly Damaged in Collision

A suburban truck driven by Elizabeth Browning of West Hurley was damaged slightly this morning when it was in collision with a truck driven by Israel Silverman of Fleischmanns. The accident happened near the Britt farm as Silverman was driving across the road and his truck was struck by the Browning car.

Troopers Reilly and Stickles investigated the accident.

## Anti-Thief Group Thrives

Chillicothe, Mo. (AP)—Now that the Missouri Anti-Thief Association has streamlined itself it is becoming popular once more. Right after it dropped the "horse" from its name of "Missouri Anti-Horse Thief Association" many of its old time members resigned. Since then the association has adapted its program to modern problems and no longer worries about the horse-thief situation.

The low point in its membership was 1933 when there were 8,000 members. Now there are 12,000.

## Buggy Business Better

Washington, Aug. 18 (AP)—The carriage and wagon business is getting better in this automobile age. The Census Bureau said today the business increased 50 per cent from 1935 to 1937, due primarily to the manufacture of farm wagons.

## Rotarians Visit Camp Happyland

About 35 members of Kingston Rotary Club visited Camp Happyland Wednesday noon, holding their regular meeting at the camp and enjoying a luncheon served by the members of the camp, under the direction of Miss Katherine M. Murphy, county TB nurse. Miss Murphy told the Rotarians about the camp and the work being done there, and then presented a program of dances given by the girls, while some of them told the visitors of the various things they had learned while in camp.

There are over 40 girls enjoying the advantages of Camp Happyland at the present time. The visit to Camp Happyland is an annual affair on the part of members of Rotary, one of their members and past president, James F. Loughran, having for years been keenly interested in the welfare of the camp and the young people there. The playground, equipment, at the camp was a gift from Mr. Loughran, who also had much to do with the erection of the camp recreation hall and the building of the pool.

## "Reds" Must Approve

Washington, Aug. 18 (AP)—A 22-year-old Boston law student who fought in the Spanish Civil War told the house committee investigating subversive activities today that all Americans recruited for the Loyalist army had to be approved by the Communist party. The witness, who gave his name as Abraham Sobel, said Communist endorsement was necessary

before recruits could get their way paid to Spain.

See No Third Term  
Los Angeles, Aug. 18 (AP)—Senator William G. MacAdoo, California Democrat, says "President Roosevelt will not run in 1940 if he can find a good liberal to be a candidate." MacAdoo's view concerning third-term talk was expressed at a campaign meeting here last night in behalf of his own candidacy for re-election to the Senate.

## To Investigate Raid

Toulouse, France, Aug. 18 (AP)—Colonel Ruscombe Smyth-Pigott and Major Lejeune, British air bombardment observers, left by airplane for government Spain today at the request of Barcelona authorities to investigate an insurgent raid on Alicante. (The men form a commission to determine whether military objectives are involved in bombings.)

SOUND TRANSMITTED  
ON BEAM OF LIGHTDiscovery of Student May  
Be Valuable to Army.

LOS ANGELES.—Because Gerald Mosteller, University of Southern California student, was required to do research work for his thesis for commencement, he has discovered new means of transmitting sound over a beam of light.

Using an ordinary five-cent flashlight battery and a series of amplifiers, the discovery enables Mosteller to send music, voice and other sounds in a new, simplified way.

Quoted as to its practical use, the young inventor cited its possible adoption by the aviation industry for landing planes with strong lights that will penetrate fog, use by the army and navy for secret communication, or by automobile drivers who need to communicate with their pits while racing.

"Because the sound cannot be intercepted except by instruments set directly within the beam of light, it offers more secrecy than does radio," explained Mosteller. "Infrared filters that create invisible light would add further to the impossibility of message-interception."

Using ordinary equipment similar to any home radio, sound is amplified by a frequency oscillator and the output caused to create a "skin effect" on the surface of the light filament.

"Only the surface temperature is changed fast enough to transmit the sound," he explained. "Instead of the necessity of heating the entire filament as heretofore."

A parabola shaped reflector similar to that of an electric heater catches the light beam and sound is reproduced over a loud speaker.

Preserving Trick Makes Minnows Enduring Bait

LONDON.—A process of preserving minnows and sprats, which may revolutionize angling and start a new fashion in jewelry, has been reported by Councillor Fred Nevison of Barnard Castle.

When preserved by his method, minnows and sprats, he says, are perfectly dry, hard and unbreakable, while retaining their lifelike appearance.

Nevison finds that these preserved minnows are far more alluring as bait for trout and salmon fishing than untreated minnows.

The process has been patented, and various specimens for fishing purposes and for personal wear are to be put on the market.

"The idea came to me through the bursting of a minnow when I was fishing. My friends laughed, but I was determined to go on with my experiments. I see great possibilities in the idea for the preservation of rare specimens of fish for museums and schools."

"I've preserved frogs, newts, caterpillars, and even a blue-bottle, which was so lifelike that when I pinned it on my coat my friends kept trying to knock it off. I have mounted newts, small frogs, and minnows. They make fine tiepins and brooches."

Woman Collects Dolls in All Sections of Globe

DUNDEE, MICH.—From her wide travels through the world, Mrs. Robert C. Poucher has brought back many curios—but none is prized so highly as her 200 or more dolls.

They range in size from some about one-eighth of an inch long, which must be studied through a magnifying glass, to others three feet tall.

They are made of everything from gold and silver to the kernels of nuts, banana leaves, shells, sponges and wood. Some are replicas of living characters, dressed in their characteristic clothing, made in the village where they lived.

One represents Moses in the bull-rushes.

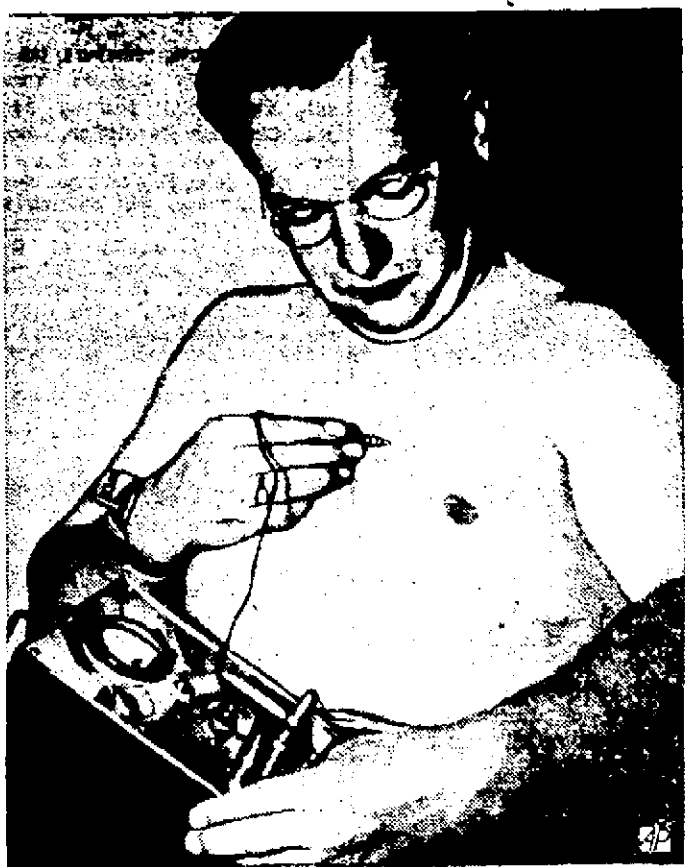

Mrs. Poucher uses many of her dolls in talks before various organizations to illustrate the dress and appearance of natives of some of the countries she has visited.

Bridge Pays \$1,720,000

SAN FRANCISCO.—The first year of the new San Francisco-Oakland Bay bridge netted revenues of \$1,720,000. It was crossed by 3,500,000 automobiles.

Roxbury, N. Y. (AP)—A ten dollar business deal will be culminated here by the use of a \$100,000 bond and an expenditure of \$300 for workmen's compensation insurance. Harry France made it all possible when his bid of \$10 was accepted for a Roxbury public school building, erected 25 years ago at a cost of \$13,000. He has 30 days to remove the structure, to permit construction of a new building.

## For Men With Hairy Chests

By The (AP) Feature Service

This is a photograph of Louis Zinberg, of Brooklyn, demonstrating a machine he has invented "for men to remove the hair from their chests." To quote him further, "There is still a great deal of resentment against the Tarkan type of man who parades the beach in shorts, presenting a thick hairy chest." The machine, intended for home use, is too complicated to try to explain. We wouldn't have mentioned it except that centuries hence, historians may be excited to learn that in 1935 a man named Louis Zinberg, of Brooklyn, invented a machine "for men to remove the hair from their chests."

## Get Life Instead

Albany, N. Y., Aug. 18 (AP)—Instead of dying in the electric chair, Richard Delaney and Andrew J. Lunne, both of New York city, must spend the rest of their lives in prison. Governor Lehman yesterday commuted their death sentences, imposed last February after conviction of the shooting of a patrolman in New York city last January 6.

Air Line Passenger Miles

Chicago, Aug. 18 (AP)—Domestic air lines flew 42,208,362

passenger miles during July, a 4.7 per cent increase over June. Col. Edgar C. Correll, president of the Air Transport Association of America, announced today. He said the mileage for the first seven months of 1935 was 14.4 per cent greater than that of the same period last year.

Lawton Progressive Club

The Lawton Progressive Club will entertain the Hudson River region Federation of Colored Women's Clubs Sunday afternoon at 3 o'clock at the Emanuel Baptist Church.

Breaks at 120

Penn Yan, N. Y., Aug. 18 (AP)—It was hot on the tin roof which Charles Schultz was repairing.

He put a thermometer in his pocket to find out just how hot it was. It broke at 120 degrees. Schultz went home.

IT'S TUNE-UP TIME IN KINGSTON

## HERE'S ALL YOU DO:

TO TAKE ADVANTAGE OF "Tune-up Time," do these three simple things:

1. When your gas tank is nearly empty, go to any one of the gasoline stations selling a brand listed and get five or more gallons of Ethyl. (Tank must be nearly empty because dilution of Ethyl with fuel already in the tank will not permit tune-up for maximum performance).
2. Ask the station attendant to give you a Tune-up Ticket.
3. Present this ticket with \$1.00 to any one of the auto dealers, garages, or tune-up shops listed. (We suggest that you telephone for an appointment so you won't have to wait.) This will entitle you to a special engine tune-up that would regularly cost from two to three times more.

## HERE'S WHAT YOU GET:

1. Test battery and inspect cables.
2. Check compression pressure.
3. Clean and adjust spark plugs.
4. Test coil and condenser.
5. Check electrical system.
6. Clean and gap distributor points.
7. Wash carburetor air cleaner.
8. Adjust carburetor.
9. Set spark for maximum performance.
10. Road-test car.

# MONTGOMERY WARD

### Army of Liechtenstein Replaced by Policemen

Vaduz, Liechtenstein (AP)—The 14,000 Liechtenstein citizens will be protected henceforth by 20 policemen.

The government says the first step was to replace the army, which was made up of 20,000 men, by 20 policemen. The new police force is being trained by the Swiss.

### Barnard Joy an Observer At Poughkeepsie Congress

Barnard H. Joy, formerly 4-H Club agent in Ulster county, is with Mrs. Joy stopping in Kingston for the week. He is spending the larger portion of his time in Poughkeepsie as an observer for the U. S. Department of Agriculture and the 4-H Club. The Youth Congress now being held in that city.

Since leaving Kingston Mr. Joy has been connected with the extension service of the U. S. Department of Agriculture, devoting a considerable portion of his time to 4-H Club studies and traveling extensively about the country.

To Give Recital Woodstock, Aug. 18.—A recital by Sigrid Nilsson, noted radio baritone, and Vladimir Padwa, piano accompanist for Misha Elman will be given at the Byrdcliffe Studio Hall, Wednesday, August 24, at 8:30 p. m.

Nassau N. Y. (AP)—During its 200 years, the old Morry house near this village has undergone many changes. Originally built as a tavern, the building was soon changed into a tavern when a stage coach line was operated through the village. The house is now the home of Mr. and Mrs. Smith. During the war, it was a great-granddaughter of Smith R. Morry, one of the earlier occupants.

### Has The Ape Got Hold Of The Airplane?

The Ape Feature Service This picture shows British airmen during August war games. A day after it was taken, a famous British philosopher, Prof. Cyril Edwin Mitchinson-Jones, made a speech to London teachers. He thought civilization had gone pretty much to pot. He wanted a board of scientists and philosophers created to give or refuse permits for invention.

"Science has given us powers fit for gods," he declared. "yet we bring to their use the mentality of school boys and savages."

He used the airplane as a symbol. "The greatest of man's inventions," he called it, but it "threatens his civilization with destruction."

"The superman made the airplane but the ape has got hold of it."

Now look at the picture again.

UNION CENTER Union Center, Aug. 18.—The chapel trustees will serve a cafeteria supper on Ford Schoolmaker's lawn this evening. They have arranged an attractive menu. There will be plenty of good music and singing. If stormy the supper will be held next fair evening. Proceeds will be for upkeep and repairs to the chapel.

## SUPER A&P MARKET

OUR AD WRITERS ARE FORBIDDEN TO SAY "A&P HAS THE LOWEST PRICES"

Our advertising writers are forbidden to tell you "A&P has the lowest prices in the city" or to use such words as "Greatest," "Lowest," or "Biggest." Practice modesty, be conservative, avoid superlatives, we tell them. Our low price policy attracts thousands of thrifty women to our super markets each week because we price everything we sell down to low levels; we keep prices low every day in the week. We buy for cash; we sell for cash. The savings made through our efficient methods of storekeeping, are passed along to our customers in everyday low prices. That is our simple story, and women like its sincerity. Our sales are climbing higher; our markets are busier than ever. Come!

# Chances Are Lightning Won't Get You— But Don't Go Around Taking Chances

By Alexander R. George  
Feature Service Writer

Washington—It's a 300,000-to-1 shot that you won't be killed by lightning but don't count on these long odds to protect you under all circumstances.

In fact, the electric scythes have been cutting such a spectacular swath of death and injury on bathing beaches and golf courses this summer, the experts on lightning hazards fear the American public is increasingly taking unnecessary chances.

Engineers at the National Bureau of Standards, who make a special study of protection against lightning, say that many people apparently overestimate the margin of safety because of previous immunity in many storms and a realization that the death toll is relatively small.

Reports to the census bureau indicate that from 400 to 500 people are killed every year by lightning. Figuring the ratio of injury to deaths in regions where the latter is known the number of persons injured annually is estimated to be about 1,300.

**Best Rule: Be Sensible**

It isn't necessary to dive under a bed or scramble for a closet during a thunderstorm but it's a good idea to use sensible precautions, say the engineers. Here are some safety tips from the lightning experts:

Do not go out-of-doors, or remain out, during a thunderstorm unless it is necessary. This is particularly advisable in rural sections where a person in the open spaces presents a "ground connection" for lightning.

If staying out-of-doors is unavoidable, keep away from small sheds and shelters in exposed locations; isolated trees, wire fences, hilltops and open spaces. Seek a cave, a depression in the ground, a ravine or dense wood.

If you are on a golf course and see thunderheads approaching, get under cover. If you can't find shelter, lie flat in a low place or take shelter in a grove of trees. Don't stand under an isolated tree or hold a steel club in your hand.

Don't stay on a bathing beach or in the water if there is threat of a thunderstorm—a wet body is likely to be a lightning "magnet." If a bathhouse shelter is not available, lie flat in a depression in the ground some distance from the water.

If inside a building, stay where it is dry, preferably away from fireplaces, stoves or other metallic objects. Don't get too close to a window screen.

If there is a choice of shelter, choose in the following order: Large metal or metal frame buildings; buildings which are protected against lightning; large unprotected buildings; small unprotected buildings.

Cases of injury from lightning are rare in large buildings and in dwelling houses of modern construction. They are more frequent in small unprotected buildings of the older type. Isolated school houses and churches where numbers may congregate during a storm present a considerable hazard if unprotected.

**Autos, Trains Safe**

Automobiles and trains are excellent shelters from lightning, their steel bodies apparently serving as metallic shields. Airplanes are rated quite safe for the same reason.

But don't let anybody tell you lightning never strikes twice in the same place. It hits natural "targets" like the Washington monument and the Empire State building dozens of times in a season, and strikes the same tall trees and church steeples with great frequency.

One of the most striking "repeats" occurred on a New York city beach recently when three people were killed and 17 injured. The bolt hit almost in the same place (and within a day of the same date) where lightning killed the same number in 1937.

Reports to the census bureau show that approximately nine-tenths of the lightning casualties are in rural districts which for census purposes includes all towns and villages having 2,500 inhabitants or less.

**CHICHESTER**  
Chichester, Aug. 18—Clark Owens, a former resident of Chichester, called on friends here during the week.

William Roberts, and son, Donald, of Poughkeepsie, have returned home after visiting Mrs. A. DuBois.

Edward Lee Jr., entertained several of his friends Sunday afternoon, the occasion being his fourth birthday. Those present were Tommy, Johnny and Patsy Staiger, Edward Wright, Shirley and Ivan Rion, Judy Remelystein, and Nancy and Edward Lee Jr. Besides his little friends there were several grown up friends and relatives present. Luncheon was served on the lawn under the apple trees, the table decorations being yellow and light green.

The Rev. A. J. Coffey and family were callers at the home of Mrs. A. Bennett, Sunday.

Several from this place attended camp meeting at Grand Gorge Friday evening.

Mrs. Clyde Rion and children and Mrs. L. M. Frederic spent Thursday with Mrs. D. Osgood of Willow.

Mr. and Mrs. James Zimmerman of New Jersey have been spending three weeks at the home of their parents, Mr. and Mrs. D. Zimmerman.

Mr. and Mrs. Paul Fichtner Jr. were Kingston shoppers Saturday.

John Kelsey of New Jersey is visiting his mother, Mrs. S. Kelsey.

Mr. and Mrs. Martin Johnson spent Sunday at the home of their cousin, Mr. and Mrs. L. Bell of West Shokan.

**Mirage**  
Indianapolis—The green pastures let 16-year-old Emil Brindal down.

Emil rode his pony into what looked like a lush meadow. The pony sank up to its neck.

Emil jumped off and called help. His pony was finally pulled out with a toss.

He'd ridden into a sludge pit of the city sewage disposal plant.

**Parking Regulation**  
Queens, N. Y.—Not in the way '30's, but in 1938 this local notice appeared in a local newspaper:

"The municipality has provided a corral at the corner of Front street and Johnston avenue and all persons desiring to use the horses or teams in the municipality are requested to use it for that purpose."

**Good Riddance**  
Chicago—Mrs. Michael Fielding took her pet monkey, Cholo, to the dentist because it had a playful habit of chewing people.

"His favorite diet was a human ear," Mrs. Fielding said. "He likes them even better than his Brazil nuts and apricots."

So Mrs. H. S. Brandage pulled four of the monkey's teeth. "His biting from now on," the dentist said, "will be much less painful."

**Wildcat Fighter**  
Santa Ana, Calif.—Henry Schmidt probably can't "lick his weight" in them, but he's not afraid of wildcats. He has the carcass of one to prove it.

Schmidt, driving through Laguna Canyon, encountered a wildcat which apparently had been injured by an automobile. When he started walking toward it on his crutches, the wildcat attacked him.

Schmidt stood his ground and fought back. A timely blow with a crutch killed the animal.

**ALLIGERVILLE**  
Alligerville, Aug. 18—Miss Virginia Smith of New York city is spending her vacation with her parents, Mr. and Mrs. Elmer Smith.

Mrs. Flora Schoonmaker Womack of South Carolina is visiting in the north and called in Alligerville last week to see relatives and friends. Mrs. Womack's girlhood home was in this village.

Mrs. George Howells of Kingston spent the week-end with her cousin, Mrs. John Smith.

Mr. and Mrs. V. B. Van Wageningen of Kingston and daughter, Mrs. Anson of East Orange were callers at the home of Mrs. Harry DeWitt Sunday evening.

There are many cars passing through the village toward the mountains these days. Last Sunday by actual count 226 passed Pleasant View, Mrs. Hoar's home, just out of the village.

Miss Bessie Harnden of Brooklyn is spending her vacation at Trowbridge Farms.

A new member has been added to the Hoar family in Washington, D. C. Friend Arthur Jr., the little son of Mr. and Mrs. Friend Hoar, Mrs. Josephine Hoar, the great-grandmother, is anticipating a visit from the family this fall.

We hope all will bear in mind the fair to be held in the K. of P. hall Friday evening, August 26. This is for the benefit of the church.

## Hospital Group Will Have Sale

The annual sale of articles made by the patients at the Ulster County Tuberculosis Hospital will be held Friday and Saturday at the Governor Clinton Hotel.

The sale annually attracts many people from the county as the work done under the direction of Miss Margaret O'Sullivan, head of the Occupational Therapy Department at the hospital, is of a high standard quality.

The sale will open both days at 10 o'clock in the morning. The committee in charge consists of Mrs. Kenneth LeFevre, Mrs. Henry Lambert, Mrs. William Himmels, Miss Grace Reeves, Mrs. A. DuBois Rose, Mrs. Joseph Jacobson and Mrs. Frederic W. Holcomb.

## Cornell Group Scores Success

The first Community Night program ever to be held in Cornell Park was given with outstanding success last evening. A well rounded program of entertainment and contests was well received by a large audience of children and adults who gathered on the terraces and slopes of the park.

Headlining the entertainment program was a skit, "The School-room," presented by Frank Oulton and his family, assisted by Dorothy Madeline, and Muriel Smith. Miss Marianne Davis, accompanied by Paul Yocum, Dolores Murray and Katharine Farlight, Buddy and Mary Oulton, Jimmy Oulton and Eileen Oulton, all added their share to the program with dance numbers and songs.

Proceeding this show which was presented on the stage, Cornell Park children competed in a volleyball contest, pie eating contest, and a novelty contest in the wading pool.

The playground directors, Evelyn Whitfield and Conrad Kantzler are grateful to the following people who helped make the Community night a success: Kaplan Furniture Co., Eugene Fowler, Hardware, Grunewald's Bakery, Cantello Supply Co., Max Jacobson, James J. Halloran, Yallum's and the Cornell House Company. The loud speaking apparatus was made possible through the courtesy of the Clark Radio Repair Service.

## Bolt Struck Two At North Lake

Elle Moore, 25, and David Krieger, 26, both of Brooklyn, were shocked while walking along the road near North Lake Tuesday afternoon, when a bolt of lightning struck near them. They were hurled to the ground, but Krieger quickly recovered. Moore was removed to the Red Cross Health Center Hospital in Tannersville in an unconscious condition. He is reported as still in a serious condition.

North Lake is one of the new summer playgrounds in the Catskills in the vicinity of Haines Falls, and many Kingston people camp there during the summer months. It is state-owned, and camp sites are free.

Department of Agriculture plant breeders are working with melons imported from Africa in an effort to produce a sweeter, better-tasting, disease-resistant watermelon for production in this country.

## DOCTOR HELD IN WIFE'S DEATH

Dr. William Lammace, (right) shown with his father, the Rev. William Lammace, when the son was trying for a career as a boxer, was held at Laclede, Mo., on charges of murdering his wife, Alla, 29. The physician had reported his wife missing, but authorities found her battered body in the vegetable cellar of their home.

## Exhibition Plans Completed For West Park Flower Show

The entries committee has completed its plans for exhibits in the Ninth Annual West Park Flower Show which will take place in Kensington parish house, West Park, on Thursday, September 8, it was announced today.

The 102 classes will offer a wide and interesting variety for lovers of flowers. All exhibits will be judged only by competent and recognized judges whose decision in every case will be final. This year's judges are: David Burgevin of Kingston; Sydney Clapp of Kingston; Henry Donner of Vassar College, Poughkeepsie; Mrs. Hermon A. Kelley of St. Remy; Mrs. William Warburton of Hurley and Mrs. George Washburn of Kingston.

All exhibits must be staged in the Parish House before 12 o'clock Thursday, September 8. A card not over 3"x5" may be placed at display exhibits giving name and address of exhibitor, after the judging is completed.

All entries must be grown by the exhibitor. All containers should be removed as soon as possible after the show closes. The Committee is not responsible for loss or breakage. Exhibitor's name should be on bottom of container. No person other than the judges will be permitted in the building during the judging.

An exhibitor may place only one entry in any one class. It is assumed that all flowers are donated unless otherwise stated.

All entries are to be exhibited on tables or shelves provided by the Committee. No ribbons or materials other than foliage to be used in exhibits. Flowers exhibited are for sale (unless otherwise stated) and may be claimed after 7 p. m.

## House Guest Honored

Miss Genevieve Trumbour of Mount Vernon has been the house guest for a few days of Mr. and Mrs. Charles S. Keefe at their home, "Lisnaskea," Lucas turnpike. During her visit Miss Trumbour was entertained at a luncheon bridge on Saturday by Harry Ensign, Mrs. E. C. Fassett, Mrs. William Newkirk, Mrs. Edward Fitzgerald, Mrs. Walter Price, Mrs. Carlton Preston and Mrs. Van Dyke. On Monday Mr. and Mrs. Keefe, accompanied by their guest and Miss Molly Schaeffer, motored to Pittsfield, Mass., where Mr. Keefe designed the residence and a group of farm buildings and cottages on the William Wright estate. Before returning home the party visited Crane Museum and Dr. Burbank's home and farm group at Dalton, Mass. Miss Trumbour left Tuesday evening for her summer home at Ashbury after a small dinner party given at the Town House, Woodstock, in her honor.

## Hostess On Eighth Birthday

Freeman Photo

Gathered around the party table at which Little Lucille Marie Smith of Lake Katrine was hostess, are the guests she entertained at her eighth birthday party this week. Left to right the guests are, seated, James Andretta, Jr., Billy Schroeder, Nancy Lou Smith, Randall Morton, Winfield Bieker, Lucille Marie Smith, Patricia Andretta and David Schroeder. Standing, Robert Charles Smith, Donald Snyder, Constance Krom, Edward Grant and Ann Morton.

## Symphonic Band To Play At Musicale

Pierre Henrotte will present Clyde Burrows, distinguished baritone soloist, Donald Jacoby, cornetist and the Ernest Williams Symphonic Band, under the direction of Dr. Ernest S. Williams, at a musicale musicale to be held in the Woodstock Playhouse Saturday afternoon at 4 o'clock.

Dr. Williams will conduct his Symphonic No. 1 in C Minor. In composing the symphony, Dr. Williams has established a precedent in writing for the concert band. Symphonies, heretofore, have been composed only for orchestra; and Dr. Williams believes that the modern band should have in its repertoire major symphonies written expressly for band. Dr. Williams' symphony has opened the way for other composers to follow in that direction.

Of the six concert Dr. Williams has written for the cornet, Donald Jacoby will play the Williams Concerto No. 4, in three movements at Saturday's performance. The complete program conducted by Dr. Williams will include: Symphony No. 1 in C Minor.... —E. S. Williams

Andante—Allegro Moderato  
Allegro Vivace  
Group of Songs ..... Clyde Burrows  
Intermission  
Concerto No. 4 E. S. Williams  
Allegro con Spirito  
Andante Mesto  
Allegro Comodo  
Ballet Music from Prince Igor—Borodin  
Finale .....

As a special educational feature at the Ernest Williams Band and Orchestra Camp, Pine Grove, Saugerties, the band will present a concert under the direction of individual student conductors this evening in the band auditorium at 8:30 o'clock. The public is invited to attend. No admission will be charged.

The student conductors comprise Stephen Farnum, Joseph Frey, Donald Jacoby, Vincent Anderberg, Jack Koman, Maurice Smith, William Brooks, Temple Stahler, John Gleason, Jacob Romick, George Swartz, Walter Ger, Dutch Swelgart, Edgar Headley and Edwin Daugherty.

## Miss Skinner Hostess to Club

Members of the business Girls' Club of the Y. W. C. A. enjoyed a picnic supper Wednesday evening at the home of Miss Edna Skinner on Fair street. The lawn was decorated with colored lights and after supper cards and other games were played. Later in the evening the guests enjoyed an hour of music. Those present were Miss Alma Tyler, Mrs. Margaret Eddings, Miss Molly DuBois, Miss Ruth Vandenburg, Miss Helen Gronemeyer, Miss Elsie Phillips, Miss Marion Phillips, Miss Laura Bailey, Miss Katherine Gallagher, Miss Marion Gallagher, Miss Margaret Bertrand, Miss Frances Osterhoudt, Miss Frances Robinson, Miss Ruth Terpening, Miss Dorothy Davis, Miss Margaret Messinger, Miss Belle Short, Miss Matilda Martin, Miss Maude Curry, Mrs. William Eltinge, Miss Alice Gillett, and Miss Kathryn Heaver.

## Personal Notes

Mrs. Boyd Chapman of Boston, Mass., will arrive Friday to spend several days with her brother and sister-in-law, Mr. and Mrs. Alfred Schmid of Johnston avenue.

Mrs. Harold Rakov and her son, Peter, of Albany avenue, left today for Glen Falls to visit Dr. and Mrs. Irving R. Juster. The Rev. Dr. S. Banks Nelson and Mrs. Nelson of Hamilton, and Mrs. F. E. O'Connor in attendance. All expectant mothers are invited to attend.

## turn to their home, Dr. Nelson

was a former pastor of the Roundout Presbyterian Church. Miss Elizabeth Ann Bennett of Foxhall avenue is spending her vacation at Far Rockaway Beach, L. I., as the guest of her cousins, Mr. and Mrs. David Cummings, of Bay Ridge, Brooklyn.

Manners in Public Show Your Breeding

## Don't Make Yourself Conspicuous

Shiny nose and pulled lips, or make-up under the public eye? No girl escapes that dilemma and most of us, like Jane in the picture, grab the beauty kit and let the powder fall where it may.

If only we had the gift to see ourselves as others see us, when we stretch our mouths and slap on the lipstick!

Even the most skillfully applied make-up does wear off. You can't always summer to the dressing room, so learn to do your face inconspicuously. Don't "mug"! Don't flourish your powder puff in the air!

As for using a toothpick, combing hair, fusing with buttons and zippers, that's all homework too, don't forget!

You like to be admired for your perfect manners. That's why you refrain from talking loudly at the movies, why you avoid brandishing your umbrella, like a dagger, or why you give your seat to an older woman.

Men like to date girls who know the rules of etiquette. Our 32-page booklet tells you what to do and say at the theatre parties, dances. Tips on introductions.

Send 10c in coins for your copy of ETIQUETTE FOR ALL OCCASIONS To The Kingston Daily Freeman, Home Service, 634 Sixth Ave., New York, N. Y. Be sure to write plainly your NAME, ADDRESS, and the NAME of booklet.

## Genova, N. Y. (AP)—While the

city sweated in an official heat of 93 degrees, a newspaper (Times) surveyed the city's "heat centers." A reporter found: In a laundry, 130 degrees. In a stove factory enamel room, 115 to 120 degrees. In a can company handling room, 102. In a radiator factory foundry—no thermometer. The employees didn't want to know how hot it was.

## Personal To Fat Girls

Now you can slim down your face and figure without strict dieting or back-breaking exercises. Just eat sensibly and take 4 Marmola Prescription Tablets a day, according to the directions, until you have lost enough fat—then stop.

Marmola Prescription Tablets have been sold to the public for more than thirty years. More than two million boxes have been distributed during that period.

Marmola is not intended as a cure-all for all ailments. This advertisement is intended only for fat persons who are normal and healthy otherwise and whose fatness is caused by hypo-dissolution with accompanying abnormal metabolic rates. No other representation is made as to this treatment except under these conditions and according to the dosage as recommended.

We do not make any diagnosis as that is the function of your physician, who must be consulted for that purpose. The complete formula is included in every package, start with Marmola today and win the slender lovely figure that is rightfully yours.

## Adaptable Jacket

Here is a smart trick of the 1938 fall season—a smooth jacket of elastized velvet which may be worn over a frock or skirt. This white velvet one goes to dinner with a skirt of the same fabric and a more whisper of a blue, plume-tipped hat.

## Century Plant Blooms

Freeman Photo

You may describe something as "rare as a day in June," and remember at the same time that "a rose by any other name would smell as sweet," but if you are looking for a real simile, try "as ephemeral as the century plant." One century plant was reported in bloom in Kingston at the home of Mr. and Mrs. Henry Meyers, 22 Van Gaasbeck street, Monday evening, and the event was certainly one worthy of special attention if not celebration, for its delicate beauty was on display for an hour. The plant flowered at 10 o'clock at night, blossoming forth slowly and then fading more rapidly to the Valhalla of the plant world, not to show such botanical charm again for another year. The bud grows from the end of a leaf where the flower rests, jetting out petals resembling the corona of the sun. It is almost pure white in color.

**"Prize-winning tip—use quick-dissolving Jack Frost!"**

**PEACH MARMALADE**  
(Makes 6 eight-ounce glasses)  
2 pounds (4 cups) peach pulp  
1 orange, rind and juice  
2 pounds (4 cups) Jack Frost Granulated Sugar

1. Peel about 3 pounds ripe peaches. Remove pits. Mash to a pulp.
2. Add orange juice and rind which has been put through food chopper.
3. Measure or weigh peach pulp. Place in large kettle in alternate layers with Jack Frost Granulated Sugar. It is very important to use high-quality sugar in making successful jams and jellies. Jack Frost is ideal because it is fine-grained, quick-dissolving, and 100% pure cane.
4. Place over low heat. Bring to a boil, stirring frequently.
5. Cook slowly until thick, about 1 hour. (An asbestos mat placed under kettle will prevent too fast cooking.)
6. To test marmalade, place spoonful on small plate and chill. If marmalade is thick when cool, it is done.
7. Pour into hot, sterilized glasses. Seal immediately with hot paraffin.

## Industrials Showed Gains Wednesday

In quiet trading yesterday, total averages showed a small gain for the day, rails and utilities being slightly off. Industrials gained 0.53 point for the day, closing at 123.93 in the Dow Jones averages; rails were off 0.02 to 2.34 and utilities were off 0.03, to 19.77. Wheat was up over a cent at Chicago, cotton and cocoa were firm, rubber and hides closed lower.

A number of the larger companies manufacturing machinery and equipment report that during the past few weeks there has been a better than seasonal improvement in orders and inquiries received. U. S. Government orders have helped the buying movement. Executives of the companies express the belief that the upswing has not been definitely established, but feel that if the trend continues for another month or so it may indicate a turning point for the heavy industries of the nation as a whole. Some of the better business is reported by E. W. Bliss, Niagara Falls, N. Y., and by J. W. B. Smith, New York City, who reported that the business for August was up to 20 per cent from July, but normal contraction for August was said to be between 12 and 28 per cent.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 15 Broad street, New York city, branch office 48 Main street, R. B. Osterhout, manager.

New York, Aug. 18 (AP)—A few leaders and specialties edged higher in today's stock market as many recent leaders either stood still or dipped fractions to a point. The list was at its best in the forenoon, although outstanding strong spots were scarce. Light selling turned the tide for most issues in later proceedings. Near the final hour minor losses predominated.

Dealings were even slower than in yesterday's sluggish session, transfers being at the rate of about 500,000 shares. Shares of Chrysler, General Motors, Briggs Mfg., Yellow Truck and General Tire were among the relative lively forward tilters in the forenoon, but the majority subsequently backed away. U. S. Steel and Bethlehem were supported for a while, along with International Harvester, I. S. Rubber, National Cash Register, Westinghouse, Santa Fe, Kennecott and Montgomery Ward. Some rallied behind minor signs eventually.

Holstering automotive issues were reports from this industry that sales thus far in August have maintained the seasonal strength shown in July, with some lines as much as 20 per cent ahead of the first 10 days of the previous month. Some companies had declines on 1 to 20 per cent from July, but normal contraction for August was said to be between 12 and 28 per cent.

The upward trend of retail automobile sales, started in July, continued during the first ten days of August. A shift to the lower-priced cars was seen during July, when Chevrolet, Ford and Plymouth sales accounted for 61 per cent of the total, as against 58 per cent in the 1937 season. Chevrolet sales during the first ten days of this month were 20 per cent above of the first ten days of July, which, however, had two less business days. In the Berlin bureau yesterday prices were again down, heavy industrial issues dropping as much as four points. At times trading was suspended because of scarcity of demand. Paris was mostly steady, although there was renewed pressure on the franc. There was a better tone on the London and Amsterdam markets. Carloadings last week totaled 591,000 cars, a better than seasonal increase over the week ended August 6, when the total was 581,000 cars. Last week's loadings compared with 777,000 cars in the same week of 1937.

A. T. & T. yesterday declared regular quarterly dividend of \$2.25. U. S. Tobacco declared 32 cents on common; American Safety Razor 40 cents; Standard Oil of Ohio 25 cents; Magnan Copper voted 25 cents, vs. last payment of 35 cents.

The meeting of directors of Douglas Aircraft, scheduled for today, has been indefinitely postponed. Was to have considered dividend action for the balance of the current year, which ends November 30.

Net income reports for six months ended June 30 indicated: Raybestos, Manhattan, deficit of \$211,519 vs. income in same period last year of \$1,510,642; American Safety Razor, net income of \$173,117, vs. net of \$526,209 in first half of 1937; American Agricultural Chemical \$1,401,975 (for year) vs. \$1,868,944 in previous year.

Electric output for week ended August 13 showed a decrease of 7.3 per cent over the same week last year. There are reports that the anthracite industry again will be regulated by the federal government, that the National Bituminous Coal Act may be amended to include all solid fuel, or that a national fuel commission may be created and all forms of fuel, including natural gas and oil, placed under regulation.

Continental Baking Corp. is said to be abandoning, for the present at least, plans to refund \$40,000,000 of eight per cent preferred.

## Adolph Lewisohn Dies

Saratoga Lake, N. Y., Aug. 18 (AP)—Adolph Lewisohn, 89, multi-millionaire investment broker, philanthropist and music patron often described as "New York's most useful citizen," died of a heart attack yesterday at his summer home here. Lewisohn, a German-born immigrant who amassed between \$40,000,000 and \$100,000,000 in copper mining and publishing, was best known to the public by his gift of the \$200,000 Lewisohn stadium to the College of the City of New York.

## Oppose Wells Book

London, Aug. 18 (AP)—Between 300 and 400 Moslems, shouting "down with the ignorant Wells!" staged a protest march today against H. G. Wells' "A Short History of the World." A Moslem delegation also lodged a complaint with the High Commissioner for India. They charged the book insulted the memory of Mohammed and the Koran. Wells wrote that Mohammed "married a number of wives in his declining years and his life on the whole was, by modern standards, unedifying."

## Arabs Draw Closer

Jerusalem, Aug. 18 (AP)—Arabs, emboldened by the success of their land mine tactics, were reported today drawing closer to Palestine's main towns in the unabated strife between Jews and Arabs in the holy land. Large detachments of British troops, attempting to quell the terrorism that has been widespread since July 5, made numerous arrests. Two British soldiers were killed yesterday when the truck in which they were riding struck a land mine on the road between Nablus and Jenin.

## To Hold Contest

Washington, Aug. 18 (AP)—The Republican National Committee and the Young Republican National Federation announced today they would sponsor an oratorical contest for persons between the ages of 16 and 24. ## Woolslacks

London (AP)—Britain's famed woolslack, historic seat of the lord chancellor, who presides at meetings of the house of lords, has been restuffed with wool from England, Scotland, Wales, and the British dominions. The Woolslack is a big square bag, without arms or back and covered with red cloth to form a cushioned ottoman. Members of the house of lords got a nasty shock recently when they learned the woolslack had long been stuffed with horsehair. In Queen Elizabeth's reign parliament banned exportation of wool, then Britain's staple commodity. Woolslacks were placed on certain seats in the house of lords as a reminder.

## Says War Would End

Glacier Park, Mont., Aug. 18 (AP)—Japan's war with China will end, a Japanese editor asserted here, "as soon as the British and Russians stop helping the Chinese. The belief that Japan is hard hit financially by the present war is far from true," said Dr. Kichichi Miyake, editor of the Tokyo Nichi Nichi Shimbun and Osaka Mainichi Shimbun and one of 15 Japanese newspapermen who stopped here last night en route to Germany and Italy.

## Tough Hen Dies

Warsaw, N. Y., Aug. 18 (AP)—Seventeen-year-old Florence, the toughest hen in this area, is dead today and buried under a heat tombstone. Florence Conrad, daughter of Florence and often said "it doesn't look like Florence is ever going to die." She survived two raids by chicken thieves in which every other chicken on the farm was stolen, a slaughter by dogs and a winter of 40-below weather which even killed the fruit trees. It took arsenic poisoning to kill her. Florence ate some dead bugs found in a sprayed potato field.

## Comedy Team Broken

Hollywood, Aug. 18 (AP)—Stan Laurel's screen future was a question mark today, his comedy partnership with Oliver Hardy dissolved by order of producer Hal Roach. Harry Langdon, slapstick star who lost out with the advent of talking pictures a decade ago, was selected by Roach as Hardy's new teammate. Although Laurel is under contract to make two more movies with Hardy, Roach charged he had violated the agreement by being absent when retakes were needed recently for "Blockheads."

## Woodstock Revue Plans Are Made

Woodstock, Aug. 18.—A collection of illustrators, writers and Broadway show folk under the leadership of Rubie Goldberg, internationally known cartoonist, as master of ceremonies, will take part in the third annual revue of the Woodstock Country Club to be held at the new Playhouse on Monday evening, August 22.

Rubie Goldberg and his cooperative stogee, Clarence J. MacCormack, have already lined up more talent than they know what to do with. They have called on a number of their fellow illustrators and their final lineup probably will include many names known from Alaska to Armenia.

At present Rubie has positively decided on several of the acts. They include Prince Mendes, rated one of the best magicians in the country who, in addition to his sleight of hand, does a novelty impression of Edgar Bergen using someone from the audience as his dummy. Also Selden and Ender, two clever acrobatic entertainers in "After the Party." Harry Foster Welch, the man with a thousand voices, called by Bugs Bear the greatest single man entertainer in the world today. He has been selected by King Features, Inc., as the original Pop Eye the Sailor. Also Bob Parker, who has been offering that is good for lots of laughs.

William Simmons, noted baritone of the Atwater Kent Hour, and Allen Waterous, former Gilbert and Sullivan opera star, who summers in Woodstock, have promised to sing. Bobbie Bard of the Town House also will be on the bill and there are a lot more to be announced. Pierre Henriette will be in charge of the orchestra.

Good work done in a storm takes on a nobility that can never be felt about work performed in fair weather.

## Salad-Minded

If you're salad-minded, here's a recipe you'll want to try:

### MIDSUMMER SALAD

One envelope unflavored gelatine, 3/4 cup cold water, 2 cups cottage cheese, 3/4 teaspoon salt, 1/4 teaspoon paprika, 1/2 cup milk or cream, 1/2 cup pineapple tidbits, and 1 cup straw-

MIDSUMMER SALAD

berries, raspberries, or bananas.

Pour cold water in bowl. Sprinkle gelatine on top of water. Let soak five minutes. Place bowl over boiling water. Stir until dissolved. Mash cheese fine. Add seasonings, cream and gelatine. Turn into ring mold that has been rinsed in cold water. Chill. When firm, unmold on lettuce. Fill center with fruit cut small and blended with salad dressing mixed with a little whipped cream.

### Porch Parties Can Be Fun

With five-suit bridge taking America by storm, a porch party might be turned into a bridge party, providing you can keep the mosquitoes away long enough. My, what pests they are! Perhaps some of the guests are not bridge fans. For these other suitable entertainment should be provided—dancing to radio music, inactive games, singing, etc.

Serve the refreshments buffet style or plan the refreshments and let the men serve the ladies in any style they wish. This usually proves fun, because men do love to clown. Of course, they'll take all the credit for preparing the food, too! That goes without saying.

What to serve will depend somewhat on the number of guests; but the Midsummer Salad illustrated above should make an easy and attractive

dish around which to build the menu.

With it serve assorted sandwiches, individual tea cakes or cookies and an iced beverage.

### CEREAL ICE BOX COOKIES\*

One cup margarine, 2 cups old-fashioned brown sugar, 3 eggs, beaten, 1 teaspoon vanilla, 3 cups pastry flour, 1 1/2 cups whole wheat flour, 1 1/2 cups rolled oats, 3 teaspoons baking powder and 1 teaspoon salt.

Cream shortening and sugar until light. Add beaten eggs and vanilla. Sift the pastry flour with the baking powder and salt and add with the whole wheat flour and the rolled oats. Shape into two long rolls about two inches in diameter and chill until firm in the refrigerator. Slice about 3/4 inch thick and bake in a moderately hot oven (375°F.) 12 minutes or until done. Yield: 5 dozen.

### SWORDFISH NOODLES AU GRATIN\*\*

One can swordfish, flaked, 4 ounces egg noodles, 1 cup milk, 1/2 cup grated American cheese, 1/4 cup chopped pimiento (optional), 1 teaspoon dry mustard, 2 tablespoons butter, 3/4 teaspoon salt, 1 teaspoon thick seasoning sauce and 1/2 teaspoon chili powder.

Cook noodles in boiling salted water until tender, rinse well and drain. Flake swordfish and combine with seasonings and pimiento. Then mix with cooked noodles. Place in buttered casserole, add milk and butter, sprinkle with grated cheese and bake in moderate oven (350°F.) 30 minutes. Serves 6.

### It's Pickling Time!

#### BASIC RELISH RECIPE

One gallon chopped vegetables, 1/2 cup salt, 1 cup granulated sugar, 2 ounces mixed pickling spice and 4 to 6 cups of vinegar.

Combine sugar, spices and vinegar and cook for 10 minutes to make a pickling sirup. Prepare vegetables, chop and sprinkle with salt, and let stand 3 hours. Drain thoroughly, combine with pickling sirup and cook until vegetables are ten-

### BASIC FRUIT PICKLE RECIPE

4 pounds of fruit, 1 1/2 cups water, 1 1/2 cups strong vinegar, 3 to 4 cups granulated sugar, 2 teaspoons whole cloves and 5 one-inch pieces of stick cinnamon.

Wash fruits, remove stem ends and peel such varieties as peaches, apricots, pineapple and cantaloupe. Combine sugar, spices, vinegar and water and cook for 10 minutes. Drop in prepared fruit, a few pieces at a time and cook for just a few minutes or until sirup has penetrated fruit. Remove, pack in sterilized jars and continue cooking and packing fruit until materials are used. Strain sirup through strainer to clear, pour over

packed fruit, half seal jars and process in water bath 20 to 30 minutes depending upon the type of fruit.

### CHILI SAUCE

2 quarts peeled, chopped ripe tomatoes, 2 green peppers, chopped, 2 tablespoons salt, 1 tablespoon dry mustard, 2 onions, chopped, 1 pimiento, chopped, 3 cups vinegar, 1 teaspoon ground cinnamon and 1/2 cup granulated sugar.

Combine spices, sugar, mustard and vinegar. Add remaining ingredients. Cook slowly, stirring frequently, about 1 1/2 hours. Seal in sterilized jars or pour in bottles and cap, or cork and seal with paraffin.

## Kingston Legion To Meet Friday

## Hollywood Sights And Sounds

—By Robbin Coons

HOLLYWOOD—Bette Davis has found a Cause.

She shouldn't have (Bette says so herself) because when she gets into a thing she gets all excited and won't let go until it's done.

This, as you can see, is a merry state of affairs for a busy movie actress. And Bette is busy. Trussed up in corset and stays of the Gibson-girl era, she's emoting under physical difficulties through the dramatic morasses of "The Sisters."

But what matter hardships when Bette has a Cause?

She is president of the Tailwagger Foundation of America. This, to put it roughly, is a society dedicated to the more abundant life for dogs.

BUT let Bette tell about it. Today she's knitting in her dressing room on the set, temporarily out of her strait-jacket and comfortable in sweater and shorts. I storm in. Well, I mean I go in, full of righteous indignation. I am meaning to hurl phrases: "... children of the slums..." one-third of a nation..." starving Armenians..."

But I don't get to the first reel. Miss D. always has that soothing effect on me. Or maybe I'm just ineffectual and never will win friends and influence people.

In the first place, Bette explains that life membership in Tailwaggers costs but \$2 per dog member, nothing more asked. And I can see that a movie star can spend two bucks of her so-hard-earned cash on dogdom if she feels like it without being considered thoughtless of the famous "one-third."

"I was just a dog-lover—I have two—and I took good care of mine and knew they were happy and I didn't give a thought to other dogs," Bette explains earnestly. "But then I learned about POUNDS! They're awful!"

Tailwaggers, it seems, saves dogs from pounds.

AND then the society fights legislation it considers unfair to dog-owners. Bette warms up on this point:

"It downed that state bill making rabies inoculation compulsory, charging dog-owners for the shot. You know how that would have worked out—how would anyone know what was really in the shots? Probably water!"

Tailwaggers does all sorts of things besides. One, really laudable, is to provide scholarships for training Seeing Eye dogs.

And it wants to build a shelter here for strays, a sort of clearing-house for mislaid pups. That's why Bette is sponsoring a benefit ball in August. All the town's dog-omaniacs will be there.

## Kingston Legion To Meet Friday

Legionnaires of the Kingston Post, No. 150, will gather on Friday evening at 8 o'clock at the Legion Memorial Building, 18 West O'Reilly street, for one of the busiest sessions ever held.

Post Commander Joseph E. Sills will preside. He will receive a host of reports from a large number of outstanding committees.

A complete report on the past clambake will be rendered by Jake Camp, who was chairman of the arrangements committee. Past Commander Eugene D. Carey, captain of the Legion Pipe and Drum Corps will render a report on the drum corps participation in the activity of the last State Legion convention. Delegates representing the Post at the State Legion convention held on August 11, 12 and 13 at Endicott will be heard from with a complete and detailed report.

A number of outstanding committees will submit their findings and additional officers to complete the newly elected executive committee will be filled.

The American Legion membership race is turning into the home stretch with lightning speed to pile up a high mark before the final report to be rendered to the National Convention at Los Angeles. With old man quota passed at the half year mark on June 30, enrollment continues to gain over all past records. The last figures, as of August 8, membership in the American Legion stands 952,277 which is 8,034 in excess of the standing last year on the same date.

In view of the busy schedule slated, Joseph E. Sills, Commander of Kingston Post, requests that members be present at 8 o'clock.

## HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or scanty passages with a burning or stinging sensation may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up night, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Convention Defeats Proposal to Erase 'Judiciary' Article

Albany, N. Y., Aug. 18. (AP)—A move by Democrats to strike out a pending "judiciary" article from the provision for creation of a 10th judicial district of Nassau and Suffolk counties, opposed by them as "undesirable," was defeated by the Constitutional Convention today.

The vote was 67 for and 66 against the proposal to strike out of a pending "judiciary" article the Republican-sponsored measure authorizing the set-up of a new judicial area.

Three Republicans, Supreme Court Justice Charles Sears, of Buffalo, presiding justice of the Fourth Department Appellate Division, chairman of the judiciary committee; Supreme Court Justice E. Lewis, New York city, and Mrs. Helen Z. M. Rodgers, Buffalo, and a solid Democratic bloc voting for the elimination.

The action came after delegates approved, 124 to 24, a proposal permitting New York city to exceed its debt limit by \$315,000 for the purchase of privately owned transit facilities.

Approval of the measure, bringing the number thus far approved for submission to the November electorate, was preceded by rejection of an amending measure which would have limited the city's debt to five cents.

**Housing Approval**  
Earlier delegates had approved a proposal authorizing a new low-cost housing program in the face of protests that an amendment exempting real estate from sharing the cost except in an emergency would "freeze nuisance" into the Constitution.

Meantime as the convention resumed deliberations, a widening rift developed among conservative and liberal Democrats over the controversial water power issue.

Francis D. McGarey, New York Democrat and author of the measure to strike out the "new district" measure inserted in the judiciary articles by W. Kingsland, Westchester Republican, asserted that there was no necessity for including a tenth judicial district in the Constitution.

"This proposition," he explained, "puts the judiciary into politics and makes another party issue for the constitution."

L. S. Senator Robert F. Wagner, minority leader, pleaded with Republicans to "keep this out of politics."

"Don't make the judiciary a

political football," he urged. "This proposed section making another district is entirely unjustified and unnecessary."

**Reapportionment Passes**  
Wagner, while voting for the housing proposal, said the amendment granting special privileges to real estate "means imposition of a sales tax to pay for clearing our slums."

The vote on the reapportionment bill, increasing Assembly seats from 150 to 159 and Senate districts from 51 to 53, came after Wagner termed it "unfair and a challenge to democracy because of the method of apportionment upon gubernatorial vote."

Its advancement was aided by the vote of seven Democrats, who joined 84 Republicans in casting affirmative ballots. There were 57 negative votes, all cast by Democrats.

## Czechs Have Clash At New Crossroads With Nazi Groups

Foreign Office in Praha Says Meeting Arranged Between Runciman, Heinelein Over Autonomy Demands

(By The Associated Press)

Conflict in Czechoslovakia between the government and the Nazi-supported Sudeten German minority came to a new crossroads today. In China, Japan gathered new power for her Yangtze river campaign and, in Spain, government and insurgent forces locked grips on two important fronts.

A foreign office official in Praha disclosed that a meeting had been arranged between Viscount Runciman, unofficial British mediator in the issue over the Sudeten Germans' demand for autonomy, and Konrad Heinelein, leader of the Sudeten Party.

It will be their first direct contact and it was understood Lord Runciman would plead that the Sudeten Germans take a less uncompromising attitude than that expressed yesterday in a manifesto proclaiming dissatisfaction with present procedures which "lead nowhere."

Commentators in London stressed that the Sudeten Germans had left an open door to new efforts to negotiate and said Lord Runciman's arrangement of a meeting with Heinelein indicated the Briton might already have suggestions for a new basis for talks.

Japanese warships and warplanes bombarded stubbornly-held Chinese positions on the south bank of the Yangtze river in renewed efforts to break through Hankow, China's provisional capital.

The Japanese relied on strong reinforcements to give new effectiveness to their campaign, which has been held almost at the standstill since the Japanese occupied Kiukiang, 135 miles below Hankow, July 25.

Heavy fighting spread on the Extramadura front in southwestern Spain as Spanish government troops tried to drive insurgents from the foothold they had won in the mountain barrier to the Almaden mercury mining area.

Insurgents said all government counterattacks failed but the government declared insurgent vanguards had been driven back across the Zujar river.

On the Ebro river front, in northeastern Spain, fighting centered in the Pandols mountains which control the Gandesa sector carved out by a government offensive almost a month old.

### Education Board Gives Contracts

(Continued from Page One)

ing over the lump sum bid of the contractors by adopting the unit prices submitted. In the event the board decided to eliminate some of the walks or there were pavement changes because of less excavation than expected he said the unit price bids could be taken advantage of and deductions claimed.

Two bids for re-building the four side entrances to the high school were received some time ago. The contract was awarded last evening to Thomas Kennedy & Son for the sum of \$350. James Forrestal Company of Beacon, contractors for the vocational school, submitted a bid of \$425.

Trustee Seemey moved that the job be awarded to Kennedy, low bidder, and that the work be commenced at once so as to be completed by the time school opens.

Trustee Katz for the supplies committee reported that contracts had been awarded for teachers' desks for the new school and also desks for the principal's office and medical supervisor. Teachers' desks were bought from O'Reilly for the sum of \$19.40 each.

**Teachers Engaged**  
A report from the teachers committee relative to employment of teachers was received and adopted. Miss Marjorie Turner, substitute for several years, who has been filling in at No. 4 school since the death of Miss Osterhout last year, was re-employed for the coming year at \$1,100. At No. 7 Miss Anna Powers, who was substituting for Mrs. Coffey, who is on leave of absence, was re-employed for the position for the next school year at \$1,100. Both teachers are local girls.

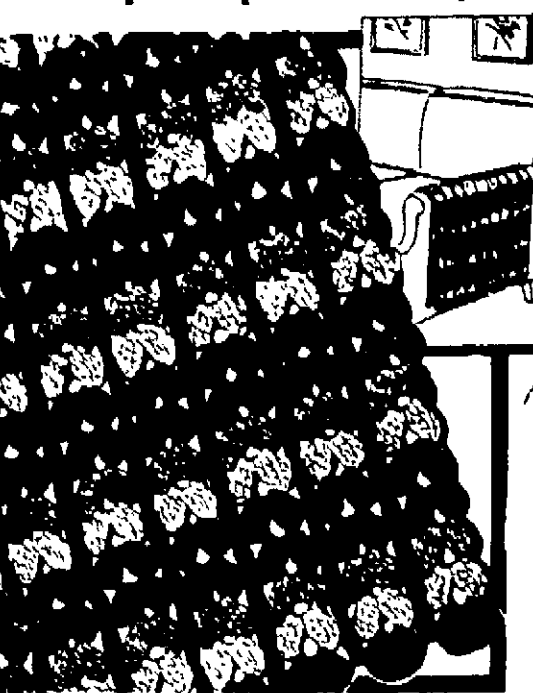

A second home-making department teacher was engaged. Last year Mrs. Finerty was granted a leave of absence because of illness and Miss Cravassa Smith was employed to fill the vacancy for the balance of last year's term. For some time the home-making department has been in need of an additional instructor to take care of the waiting list. The teachers committee recommended that Miss Smith be engaged as an additional teacher so those desiring to take the course might have an opportunity.

It was stated that for some time girls have been waiting to take this course but because of limited facilities they have been unable to do so. With the opening of the new school this fall there will be additional room available at the high school to increase facilities and a second instructor will be required. Miss Smith was employed for the school year. Mr. Van Ingen stated that instructors for home-making were scarce because of the increased demand caused by many schools putting in this department and there were no local girls qualified for the job who had made application.

With the time drawing near for opening of the new Myron J. Michael School the Building Committee called attention to the fact that 116 men were in another part of the building taking civil service examinations for the position of engineer and janitors.

**Regarding New Positions**  
Mr. Feeney said the Building

## Use Up Scraps On a Jiffy Afghan

Household Arts by Alice Brooks

Crocheted Afghan Is Easy - Just Worked Back and Forth in One Piece

PATTERN 6040

Light as a feather, this jiffy crocheted afghan. It's made of about half the wool usually needed for scraps. Get out that large crochet hook and enjoy yourself! Pattern 6040 contains directions for afghan: Illustrations of it and of stitches; materials needed; color schemes.

To obtain this pattern send 10 cents in coin to the Kingston Daily Freeman, Household Arts Dept., 259 W. 11th street, New York, N. Y. Be sure to write plainly your NAME, ADDRESS and PATTERN NUMBER.

Committee did not feel as though it should make the appointments from the civil service list which will later be supplied and asked whether the board would not like to make the appointments as a whole instead of having the Building Committee make the usual recommendations. Trustee Cragan moved that the Building Committee interview the men whose names would be submitted and make recommendations to the board. Members of the board stated that a small committee could interview the men and make recommendations better than to have the applicants appear before the full board.

The selection of a matron and clerk for the principal's office at Myron J. Michael School was referred to the Teachers Committee for investigation on submission of eligible list, that committee to make recommendations to the board. The meeting adjourned.

### Food-Fussy Owl

Evansville, Ind. (AP)—Employees at the Mesker zoo had a tough time getting enough food for the Monkey-faced Owl until someone had a bright idea. They put the owl in the elk barn which was overrun with mice and rats. The owl quickly became fat and rassy and the rodents became scarce.

## Ulster Dairymen Vote on Program

(Continued from Page One)  
proved by the State Commissioner of Agriculture and Markets. The plan, if approved, will provide for joint federal-state regulation of the handling of milk in the metropolitan New York area.

At least two thirds of the producers participating in the referendum must be in favor of the federal order before it can be put into effect. The state order requires approval of three-fourths of the producers voting before it becomes effective.

Altogether dairy farmers in seven states are participating in today's referendum, casting their ballots at more than 300 polling places.

If adopted, the program will provide for establishing minimum prices which handlers will be required to pay for milk bought from dairy farmers. Producers will be paid through the operation of a market-wide pool designed to insure a uniform rate of return to dairy farmers.

**Slang Helps Textbooks**  
Milwaukee, Wis. (AP)—Milwaukee high school seniors and principals like their new civic books because they use slang. Students now can read chapters on municipal governments being corrupted by "political bosses" and how public employees are forced to "kick in" with contributions to hold jobs with "racketeers" in the "political machine."

**WAKE UP YOUR LIVER BILE—**  
Without Calomel—And You'll Jump Out of Bed in the Morning!  
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.  
A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless, active, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.
